All contestants must check in prior to shooting both Saturday and Sunday, preferably prior to the official starting time. No check in = no weigh in.
- ALL CONTESTANTS MUST HAVE A VALID STATE OF MICHIGAN FISHING LICENSE IN THEIR POSSESSION AND ABIDE BY ALL APPLICABLE MICHIGAN DNR LAWS AND REGULATIONS.** It is unlawful to block off any waterways (ditches, streams, canals, etc.) utilizing netting, fencing, etc. to artificially impede the natural movement, ingress or egress of fish.
- SHOOTING TIME:** Shooting hours are from **8:00 a.m. to 5:00 p.m. on Saturday** and **7:00 a.m. to 2:00 p.m. on Sunday**. All teams must either be in the weigh-in line or within the quarry gates by the end of shooting hours. No exceptions, no leeway! The shooting of fish by tournament contestants is not permitted during the weekend outside of tournament hours.
- PRE-TOURNAMENT SHOOTING:** There will be absolutely no shooting permitted by tournament contestants in the Saginaw Bay area on the day prior to the tournament (Friday). Scouting is permitted on this day; however, contestants may not have bows or rough fish in their immediate possession.
- QUALIFYING FISH:** Carp, Gold Carp, Goldfish, Gar, Dogfish (bowfin) and Suckers (including buffalo & quillback) ONLY count in this event. All of these rough fish will count towards total weight. Washed up dead fish will not be included in the total weight and should not be in the possession of a contestant.
- FLIGHTS:** All contestants must first check in at the weigh-in site prior to departing for the morning send-off. The provided team number stickers must be displayed on the boat and vehicle prior to departure from the check-in area. Teams will be released in random order via team number drawings each morning.

- ENCROACHMENT:** All teams will remain a distance of at least 25 yards from another team while competing on the water.
- EMERGENCIES:** Should a contestant's boat break down or the water become too rough to return with the boat, the contestants can accept a ride from another boat to bring their fish with them to the dock. However, at least one member of the team must present the catch to the weighmaster. Under no circumstances may either team continue to shoot while sharing the ride back.
- INSPECTION:** Contestants must submit to the inspection of their boat & fish whenever asked by tournament officials. If it is determined that the fish inspected is not a fresh kill, the team will be disqualified. Inspection teams will be on the water.
- SUBMISSION OF THE CATCH TO THE WEIGHMASTER:** All fish must be brought to the scales prior to the end of shooting hours each day. Contestants will assist the weighmaster by placing their catch on the scales. The stated weight will be the decision of the weighmaster. The weight will be recorded on an official weigh-in slip. Each slip must be initialed by an inspector and by one member of the team. A copy will be provided to each team at that time. All fish will remain in the weighmaster's possession until all weigh-ins are completed. All fish that are shot must be turned in the same day they are shot. If you elect not to have them weighed, you must still turn in your fish and get a receipt from a staff member.
